February 7, 2008

Mr. John Johnson
Adcomp Systems, Inc.
1555 Valwood Parkway, Suite 154
Carrollton, TX 75006

Dear Mr. Johnson:

On behalf of the White Oak Independent School District, I would like to tell you how pleased we are with the Transport Track video surveillance systems we have installed on our school buses.

With the use of this monitoring system, we will be able to better address the discipline issues that can disrupt the safe operation of our buses. In addition, the reporting capabilities of the system will help us monitor the condition of our cameras and microphones on a daily basis.

We are looking forward to having this system available on our entire fleet.

Sincerely,

Richard Medlin
Transportation Supervisor
