of Fleet Operations*

AdComp Systems
1555 Valwood Parkway, Suite 154
Carrollton, Tx 75006

To Whom It May Concern:

The Garland Independent School District has twenty-nine (29) Transport Track wireless video surveillance systems installed on our newest buses. We are currently using a three video camera system that enables us to remotely download video from the school buses from anywhere on the bus lot.

The AdComp staff has provided outstanding service and support of their wireless video system and worked closely with GISD's Technology Department to ensure the smooth start-up and operation of the equipment.

We are pleased with the Transport Track video system and are looking forward to expanding this system to additional units in our fleet.

Sincerely,

Brian Abbett
Director of Transportation
Garland Independent School District
